

Bluetooth Earphones Quick Guide

SX-990

FCC ID:UHBSX-990

Product picture in this manual is for demonstration purpose.
Actual product may be different.

For user's safety, please read this manual before using the headset.

The following matters should be paid attention to when using headset :

Please choose a proper volume when hearing the headset. It is also important to control the hearing time for your ears health.

Please do not turn the volume too high, otherwise you may not hear the voice around you. If the volume is too high it may appear tinnitus, in which case please reduce the volume to protect your hearing.

If the environment is potentially dangerous, please stop using the headset

Don't listen to the music while driving.

Use dry soft cloth to clean the headset! Should avoid the headset into the water, that will cause headset damage.

If you feel obvious discomfort, stimulation, or other adverse reaction when using the headset, should immediately stop using it.

The headset should not be stored or used in temperature below 15°C (5°F) or higher than 55°C (131°F), otherwise will reduce headset or battery life.

(1)

Charging and Battery:

Before charge this headset with charging cable, please check whether the charge cable is original.

Warning:

please charge the headsets with original charging cable, it may damage the battery or the headset if you are using improper charging cable. This headset has built-in rechargeable battery, so do not attempt to remove the battery from the headset to avoid damaging it.

1. Before charging, it's better to turn off the headset.
